STUDY ART & DESIGN IN FRANCE

The **MJM France Summer School** offers international students a unique opportunity to experience France through the lens of art, creativity, and contemporary design. Across two immersive weeks, participants take part in hands-on workshops, guided cultural visits, and creative projects that deepen their skills while opening them to new ways of seeing and creating.

This programme blends academic excellence, studio practice, and creative exploration across two **major French creative destinations**. Students work directly with instructors and practicing creatives, engage in inspiring field trips, and build portfolio pieces that reflect their personal artistic identity.

It is a dynamic and transformative learning experience designed for students who want to grow fast, think differently, and step confidently into the global creative landscape.

WHY FRANCE?

France is a country globally renowned for its art, culture, and design, having shaped generations of creators and continuing to influence innovation worldwide. From world-class museums and contemporary art spaces to vibrant creative districts and emerging design studios, France offers students an unparalleled ecosystem of inspiration and learning.

Rich in history yet constantly evolving, France is the ideal destination for students who want to explore creativity at its source, broaden their worldview, and experience the energy of a country where art truly never stops.

A hand-drawn heart shape, formed by two hands, frames the central image. The heart is a warm reddish-orange color. Inside the heart, the Eiffel Tower stands prominently against a cloudy sky. Below the tower, the Parisian skyline is visible, featuring various buildings and rooftops. The overall image has a soft, artistic feel with rounded corners.
